

**WE START BY
UNDERSTANDING
YOUR BUSINESS**

SIPDRILL

SIPDRILL is a range of high performance, environmentally sensitive drilling base fluids, designed to meet and exceed the technical demands of deep water offshore drilling. SIPDRILL base fluids exhibit very low viscosities and densities and have proven performance in high temperature (HPHT)

SIP Ltd, China Works, 100 Black Prince Road, London, SE1 7SJ, UK

SIP has been supplying premium drilling base fluids to the offshore industry for over 25 years. The demands and requirements of this demanding industry sector vary from region to region and we have used our extensive industry knowledge and experience to develop a range of fluids that meet each region's technical and environmental needs.

The SIPDRILL range of low viscosity fluids are colourless and odourless, have relatively low volatility, high flash points, excellent occupational hygiene characteristics and exhibit very low toxicity to marine life. They contain only trace levels of polycyclic aromatics and are registered with the Offshore Chemical **Notification Scheme (OCNS)**.

CHARACTERISTICS	METHOD	SIPDRILL 2/0	SIPDRILL 1LV	SIPDRILL 1	SIPDRILL 4/0
Appearance	Visual	C & B	C & B	C & B	C & B
Colour	ASTM D156	+30	+30	+30	+30
Density at 15°C, (g/ml)	ASTM D1298	0.760	0.810	0.815	0.822
Kinematic Viscosity at 40°C, (cSt)	ASTM D445	1.75	1.73	2.25	3.10
Aromatics, %	HPLC	< 0.1	< 0.5	< 0.5	< 0.1
Flash Point (COC), (°C)	ASTM D92	95	76	102	110
Pour Point, (°C)	ASTM D97	-9	< -30	-20	-20
Aniline Point, (°C)	ASTM D611	87	72	83	88

The above data is typical and may not fully reflect the product specification.

SIP SPECIALITY OILS AND FLUIDS

For more than 35 years SIP Speciality Oils and Fluids has been a respected and recognised independent marketer and distributor. Based in London, we have been supplying customers in Europe and the wider African and Middle Eastern markets for many years. SIP has one of the most comprehensive product portfolios, covering a wide range of base fluids for many product applications. We are especially known for our extensive range of viscosity

grades of mineral white oils with Halal, Kosher and Vegan approvals, and our premium oils for industrial and drilling applications. We manage our own vessel and road tanker operations in-house, based around our storage hub in North West Europe. We pride ourselves on our ability to deliver where our competitors cannot by giving you tight lead times, support for unusual viscosity grades, and our own experienced in-house technical services and operations team who offer a bespoke service.
