

## SIPMED

Premium medicinal  
white oils for the  
most demanding  
pharma applications

- ✓ Colourless and odourless
- ✓ Wide range of viscosity grades: 4–100 cSt at 40°C
- ✓ Stringent quality control
- ✓ Kosher and Halal approved
- ✓ Vegan certified
- ✓ European and US Pharmacopoeia regulations compliant

- Personal care, baby care and sun care
- Dermatological preparations
- Petroleum jelly
- Food processing
- Food grade packaging
- Tissue manufacture
- Rubber processing
- LDPE compressor oils

The SIPMED, SIPMED LP and SIPMED USP series are highly refined, extremely pure, colourless, odourless and tasteless pharmaceutical grade white mineral oils that meet the requirements of the European and US pharmacopoeia.

These products are used as emollients or carrier fluids in many applications, including personal care, baby care, dermatological preparations, petroleum jelly manufacture, sun care and tissue manufacture.

Kosher, Halal and Vegan approved, the high purity nature of these key oils means that they can also be used as ingredients in the formulation of food grade lubricants and SIP supports this sector through its wide range of NSF H1, HX-1 and H3 registrations.

The SIPMED grades are also used as key ingredients in the paper and pulp sector to produce food packaging.

## PURITY, QUALITY AND FLEXIBILITY

The high purity of these colourless and odourless oils is supported by stringent quality control standards to ensure product integrity throughout the supply chain from refinery to customer. Our grades are suitable for use in a wide range of sensitive applications, including cosmetics and pharmaceuticals.

SIP offers a market-leading range of intermediate grades which are blended to meet our customers' specific requirements. SIP can help you consolidate your requirements into a single grade, offering formulation, storage and logistics benefits. For many products in the SIPMED range we can supply from manufacturing sources inside or outside the EU as required.

● Products conform to the requirements

○ Products meet the purity requirements of the European Pharmacopoeia for paraffinum perliquidum/liquidum

\* Products contain permitted levels of food grade anti-oxidant

\*\* Use in printing inks and food contact materials

\*\*\* Acceptable at a maximum addition of 0.1%wt

## SIP SPECIALITY OILS AND FLUIDS

For more than 35 years SIP Speciality Oils and Fluids has been a respected and recognised independent marketer and distributor. Based in London, we have been supplying customers in Europe and the wider African and Middle Eastern markets for many years. SIP has one of the most comprehensive product portfolios, covering a wide range of base fluids for many product applications.

We are especially known for our extensive range of viscosity grades of mineral white oils with Halal, Kosher and Vegan approvals, and our premium oils for industrial and drilling applications. We manage our own vessel and road tanker operations in-house, based around our storage hub in North West Europe. We pride ourselves on our ability to deliver where our competitors cannot by giving you tight lead times, support for unusual viscosity grades, and our own experienced in-house technical services and operations team who offer a bespoke service.
